

Update 2023: Programme

Friday, March 24th

16:00	Welcome and presentation of the Official Master in Transfusion Medicine and Cellular and Tissue Therapies	Dr. Joan Ramón Grifols. Transfusion Medicine and Advanced Cell Therapies Chair's Director.
-------	---	--

MODULE 1. BLOOD DONATION

16:30	<i>"Emerging transfusion-transmitted infectious diseases"</i>	Dr. Sílvia Sauleda (ES) Laboratori Seguretat Transfusional, BST, Barcelona
17:00	Discussion on topics covered in M1	Dr. Sílvia Sauleda and Dr. Arturo Pereira Module 1 coordinators.

MODULE 2. BLOOD TRANSFUSION

17:30	<i>"Transfuse or not transfuse, that's the question"</i>	Dr. Arturo Pereira (ES)
18:00	Discussion on topics covered in M2	Dr. Joan Ramón Grifols and Dr. Jaap Jan Zwaginga.
18:30	Wrap up	Dr. Joaquim Vives (ES)

Saturday, March 25th

8:50	Welcome back and short recap of day 1	Dr. Joaquim Vives (ES) Dr. Jaap Jan Zwaginga (NL)
------	---------------------------------------	--

MODULE 3. IMMUNOHEMATOLOGY

9:00	<i>"Overview treatment options in Hemolytic Disease of the Fetus and Newborn"</i>	Derek de Winter, MD (NL)
9:30	Discussion on topics covered in M3	Dra. Nuria Nogues (ES) and Dr. Masja de Haas (NL) Module 3 coordinators.

MODULE 4. CELLULAR AND TISSUE THERAPY. TISSUE BANK

10:00	<i>"Development of CAR-NK therapies from iPSC"</i>	Dr. Belén Álvarez-Palomo (ES)
10:30	<i>"CAR-T production in acaemia"</i>	Dr. Tanja Nikolic (NL)
11:00	Discussion on topics covered in M4	Dr. Sergi Querol (ES) Dr. Jaap Jan Zwaginga (NL) and Dr. Chantal Lechanteur (BE)

MODULE 5. PROJECT MANAGEMENT IN A BLOOD AND TISSUE BANK

11:30	<i>"Milestones in the development of innovative therapies in compliance to EU regulatory requirements"</i>	Dr. J. Delgadillo (ES)
12:00	Discussion on topics covered in M5	Dr. Michel Shmidt (NL)

MODULE 6. MASTER'S DEGREE FINAL PROJECT

12:30	<i>“Clinical validation of a protocol to obtain corneal endothelial membrane for DMEK in a tissue bank”</i>	Nausica Otero (ES)
13:00	Final discussion	Dr. Joaquim Vives (ES) Dr. Jaap Jan Zwaginga (NL)

* *The course' availability depends on the number of registered students.*

GOAL

This online workshop aims to provide insights on the latest scientific advances in blood donation and transfusion, immunohematology, advanced cell therapies, tissue banking and biomanagement, as well as promoting scientific debate among experts and students interested in the topics. This workshop spins off the [University master's degree in Transfusion Medicine and Cellular and Tissue Therapies](#), a joint degree by Universitat Autònoma de Barcelona (Spain) and Leiden University Medical Centre (The Netherlands).

AIMED AT

general and specialized public.

RECIPIENTS

The workshop is addressed to professionals working in transfusion medicine, cell and tissue transplantation, advanced therapy, biobanks, and related areas.

COORDINATORS

Joaquim Vives, PhD
Banc de Sang i Teixits

Jan Jaap Zwaginga, PhD, MD
Leiden University Medical Centre

REGISTRATION PROCEDURE

Fee 121€

Waiver for former students of the “Master's degree in Transfusion Medicine and Cellular and Tissue Therapies”

APPLICATION FORM

Registration: <https://forms.gle/a6vyrDpoqd275egc9>

Payment method by bank transfer to:

Bank: BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

Account number:
ES1401826035420201610644

SWIFT code: BBVAESMMXXX

It is necessary to indicate in the CONCEPT: the name, surname, and title of the course (UPDATE MUMMTCA)

Registration deadline March 3rd, 2023

Students are admitted in a first come first served bases.
