

The logo for ISBT Gothenburg 2023 features the acronym 'ISBT' in a stylized font above the word 'GOTHENBURG' in a larger, outlined font, with '2023' below it. The background of the banner is a night view of Gothenburg, Sweden, with a prominent yellow sailboat illuminated against a dark blue sky.

**33rd Regional Congress of the ISBT
Gothenburg, Sweden, June 17-21, 2023**

In conjunction with the Swedish Society of Clinical
Immunology and Transfusion Medicine

ISBT is excited to welcome you in person in Gothenburg, Sweden from June 17-21, 2023. Our board members, working parties, sponsors, and support teams are already working at full steam on the preparations for the ISBT Gothenburg Congress.

Registration is now open for #ISBTGothenburg!

Join us in person for the first post-covid Regional F2F ISBT Congress taking place in Gothenburg, Sweden from 17-21 June 2023.

ISBT Gothenburg is a 5-day face-to-face transfusion medicine congress to be hosted in Gothenburg, Sweden, from June 17-21 2023. This will be an enriching educational experience for transfusion medicine professionals with up-to-date research data, lectures from experts in the field, high-quality scientific content, high-value interactions between professionals, and relevant peer-to-peer networking.

This face-to-face event will include state of the art lectures with live Q&A, interactive sessions, short presentations, e-posters, and sponsored content covering all areas of transfusion practice: Blood products, Blood Safety, Immunobiology, Management and Organisation, Clinical Transfusion, Donors and Donation and Cellular Therapies.

#ISBTGothenburg is designed for those who work or want to work in Transfusion Medicine, such as scientists, laboratory technologists, clinicians, nurses, managers/administrators, other healthcare professionals and students.

ISBT is thrilled to be bringing together the global community for our first face-to-face congress after the Covid-19 pandemic to meet in person, share experiences and discuss the future of transfusion medicine.

Why You Should Attend?

Make more global connections and forge valuable, long-lasting links with transfusion medicine professionals from across the world. Learn from real cases and research; attend live and on-demand sessions for the latest developments in all areas of transfusion medicine.

Join experienced professionals in transfusion medicine and cellular therapies from around the world to learn and connect.

Register now at <https://www.isbtweb.org/events/isbt-göthenburg-2023.html>

Early registration discounts available until May 1.

About ISBT

ISBT is an international society with members from around 100 countries. Anyone involved in any aspect of transfusion medicine and related disciplines can become a member whether working in blood services, hospitals, research institutes, universities or industry. All professional groups within the field of transfusion medicine are represented. The aims of ISBT are:

- To connect with blood transfusion professionals
- To provide opportunities for exchanging information and knowledge related to blood transfusion
- To promote and maintain a high level of ethical, medical and scientific standards in blood transfusion medicine
- To support safe and sufficient transfusion therapy globally

The main activities of ISBT include annual congresses, education through the ISBT Academy which organises or supports workshops and educational events around the globe, E-learning opportunities via ISBT Education and 15 Scientific Working Parties promoting science, research and best practice across the transfusion chain.

Do you have any questions? Contact us or visit the Congress website.
